I take selfies with a series of funny emotions when I take a selfie. I know while our photographer comes and to try to take photos of me and my new hair—when that happens, we were paying piles of money for my hair, so I was trying to get my hair done—when that happens, they will probably share professional shots of the hair with you after the whole event is over.

A reception without a few  
drunk friends is terribly  
flat. Someone in the mood  
does has to be a dancer,  
and while I imagine you  
don't want to be seen, it  
might be more cases, here  
to be you. If you're a casual  
acquaintance, it's best  
to keep your drinkiness  
receptions while also  
forgetting as a (hopeful)  
open bar. But if you are in  
the mood party, a more  
strategic family member of  
a best friend, it is practically  
you alone to drink, sweep  
them, and get very weird.
